INTERNSHIPS

Mavio Solutions Pvt. Ltd — 02 Aug, 2023 - Present
Intern

Key Skills: HTML5 · CSS · Javascript · Salesforce · ERPNext

I acquired hands-on experience in configuring, customizing, and integrating ERP systems. I gained comprehensive insights into ERP architecture, functionalities, and real-world applications. I developed a deep understanding of diverse business processes and applied problem-solving skills to align technology with business goals. I honed project management skills through active participation in implementation projects and customized ERP solutions to meet specific organizational needs. I engaged in client interactions, enhancing my communication skills, and contributed to testing and quality assurance. I strengthened documentation skills by creating user manuals and reports.

PROJECTS

Database Management System for Municipal Corporation's Complaint and Grievances Section — 01 Oct, 2022 - 25 Dec, 2022
Team Size: 4

Key Skills: Node.js · React.js · Tailwind CSS · HTML5 · SQL

The need to digitize the Municipal Complaints Section was identified inline with the digital India Campaign to reduce the gap between complaints registered vs resolutions

Developed a Website wherein an user can register, search and view timeline status of their complaints

On the backend side, Agent, Admin, Corporator and Mayor had different accesses according to their functions

MERN Stack Admin Dashboard

Key Skills: ReactJS · NodeJS · Express.js · Material-UI · HTML5 · CSS · MySQL

Working on a fully responsive MERN Stack Admin Dashboard which shows the analytics of products, customers and have customizable charts to display daily/monthly revenue and profit, breakdown of different categories for revenue made and total sales.

React-Firebase Auth

Key Skills: ReactJS · Firebase · Bootstrap · HTML5 · CSS

Built an Authentication App to create new users, login and logout functionality. Used Context API for management Auth state in the application. Google Sign using Firebase Google Authentication Provider

GDSC Portal

Key Skills: React.js · Bootstrap · Javascript · HTML5 · CSS · Firebase

Developing a robust portal to conduct multiple events for the university's Google Developer Student Club(GDSC). It showcases multiple upcoming/past events, podcasts, projects done by GDSC and shows information about the club members.
